You can also hold the Left High Punch, Block Low, and Block High buttons to receive a high-pitched version of the Irish cornerman.

Earning the Bonus Weapons

*Each time you finish a game, you are given a letter rating based on how well you played. If you manage to earn an "A" or "B" rating, you can unlock certain secrets, such as the **Bonus Weapons**. There are a total of three Bonus Weapons, and the following sections describe the specific ways in which you can earn them:*

Getting the Rocket Launcher

*If you finish Leon or Claire's "A" game in less than 2 1/2 hours and earn a rank of "A" or "B," you'll earn the right to use the **Rocket Launcher** with infinite rounds the next time you play.*

Getting the Sub Machine Gun

If you finish Leon or Claire's "B" game in less than 3 hours and earn a rank of "A" or "B," you'll earn the right to use the ***Sub Machine Gun*** *with infinite rounds the next time you play.*

Getting the Gatling Gun

If you finish Leon or Claire's "B" game in less than 2 1/2 hours and earn a rank of "A" or "B," you'll earn the right to use the ***Gatling Gun*** *with infinite rounds, as well as the Rocket Launcher and Sub Machine Gun.*

To use these cool new weapons, start your next game (using your latest save) and find an Item Box. The Bonus Weapon(s) will be inside the Item Box. However, it should be noted that you should only use these weapons when you're just goofing around, because if you use them during your actual game, your overall ranking will decrease.

Finding the Alternate Costumes

To earn the Alternate Costumes, you must first finish one of the character's "B" games and get a high overall ranking. Then at the very end of the credits sequence, you'll see a still screen showing the alley outside of the Police Station. In addition, you'll see a type of Zombie that you've never seen before. A message will then appear indicating that you should try to make it to the Police Station without picking up any items.

Now start a new game (using your latest save), and make it to the Police Station without picking up any items. This won't be easy, so try to save your ammo and avoid all the Zombies as best as possible.

When you reach the area outside of the Police Station, check the alley to make sure that the "special" Zombie is there. (That Zombie is actually Brad Vickers, the S.T.A.R.S. pilot from the first Resident Evil game). Because you don't have much ammo, you'll probably need to go inside the building, find an Item Box, and grab one of those fancy Bonus Weapons with unlimited ammo. Then go back outside to the alley and blast away at Brad. It should be noted that he can take quite a bit more punishment than the normal Zombie, so only one of the unlimited ammo weapons will do the job.

After you kill him, check his body to find the ***Special Key****. Take the key to the Dark Room where you develop film. There is a set of lockers to the left of the door. Use the key to open up the lockers to find the* ***Alternate Costumes****.*

If you're playing as Claire, you'll receive a denim jacket and the Colt S.A.A. pistol. If you're playing as Leon, you get to choose between a leather jacket and the tank top and baseball cap.

Shoot the Camera

The first occurrence where you can shoot the camera occurs at the Outer Path, where the two dogs are located. Walk up to the manhole, and turn around so that you face the camera. Slowly walk forward until the camera switches angles, and then walk as close as possible to the screen. Then take a shot at *the camera with your Shotgun. When positioned correctly, the screen will crack just like a piece of glass.*

Another place where you can pull off this nifty trick is on the Transport, the place where you have to fight William Birkin. Run around the Transport until you reach the side that is directly opposite the door. Walk up to the screen (just like you did in the Outer Path), and fire off a Shotgun blast.
